

Hekni

The Hekni run-of-the-river power plant is located just below the town of Rysstad in Bygland municipality, Aust-Agder county.

This power plant receives its water from the Otra watercourse and utilises a 38.5-metre waterfall from a dam at Tjurmo. The total output is 56 MW. The power plant has two Kaplan turbines and was commissioned in 1995.

Owners: Skagerak Kraft AS 33.33%, Agder Energi AS 66.67%.

Produksjon
239 GWh

Effekt
56 MW

I drift (år)
1995
